

Information re current Waiting List for Oscar at Halswell Inc

About Oscar at Halswell

The programme is an Incorporated non-profit Society, co-ordinated by a volunteer OSCAR parent committee and run by OSCAR Foundation and CYF trained staff, dedicated to the care and wellbeing of the children.

The number of placements we can offer is currently 45 children for the after-school programme, and 20 for the before school programme. This number is set by CYF (Child, Youth and Family) and MSD (Ministry of Social Development), following a site review conducted by a CYF Assessor based on facilities available to the programme.

Status of Waiting List

We understand how important an afterschool programme can be for many families and would love to provide you with certainty about when space will be available for your child/ren. However, as this is dependent upon a child currently enrolled leaving the programme we are unable to offer any timeframes. Based on indications from enrolled families, we expect very little change in the next 24 months.

To assist in managing our extensive waiting list we are not currently accepting any additional enrolments.
